Important Update on Royal Klang Club's Kitchen Operations

We would like to inform all members that our current Kitchen Operator's (Legendary Kitchen) last day in service to our Club would be on 29 February 2020. We convey our gratitude for their services to us over the past 14 months.

We would like to further announce that over the past 2 months, the Club has been sourcing for Kitchen Operators to take over Royal Klang Club's kitchen operations. Based on the tender exercise carried out from 22nd January to 14th February, 5 prospective kitchen operators have expressed their interest to operate the Club's kitchen.

To manage the selection process effectively, the General Committee has invited all prospective operators to manage the kitchen on a trial basis for a period of two (2) weeks per operator. This trial will provide the opportunity for members' to evaluate each operator and be a part of selecting the most suitable operator to manage our Club's kitchen. This process will also greatly assist the operators to understand the requirements of members' and test their ability in managing a busy and packed crowd during service. The Club will provide each operator popular items to be included in the menu, with some options for the operator to propose (maximum of 10). The trial periods are as follows:

Operator 1: 7th March – 15th March 2020

Operator 2: 18th March – 29th March 2020

Operator 3: 1st April – 12th April 2020

Operator 4: 15th April – 26th April 2020

Operator 5: 29th April – 10th May 2020

We expect the selection process to be completed by 17th May 2020 and the new operator to formally begin operations by 27th May 2020 (after Hari Raya).

The two (2) days break in between during the trial period is planned for each operator to mobilise their resources and be ready for service during the stated trials. The hawker stall will be providing limited food at the Club during these breaks.

Members will be updated regularly on the progress via the Club's notice boards and through the Club's WhatsApp broadcast service (017-614 6864).

We urge members to patronise the Club's outlets during the trial periods and provide their valuable feedback via the survey form, which we believe will greatly assist in the selection process. We thank all members for their support and look forward to introducing a new dining experience at the Club.

The General Committee
