

RKC – 10/07/2023-135

NOTICE

Dear Members,

POINT OF SALES SYSTEM (POS) - LIVE MODE

Please be informed that all F&B outlets will generate food & beverage sale bills using the POS live system effective today (10th July 2023).

Members are reminded to produce their membership card when ordering food and beverages.

The management would also like to draw your attention that members who make the payments for the day won't receive an immediate (real time) update. Instead, their accounts will only be updated the following working day. This is due to the current data sharing between two different software programmes used.

We apologise for the inconvenience caused.

Thank you.

The Management.
