NOTICE

Calling All Young Performers To Be Part Of RKC's 125th Anniversary Musical Production

Dear Members of the Royal Klang Club,

As you all know by now, this year, the Royal Klang Club celebrates a truly remarkable milestone which is 125 years of history, memories and community in Klang. To mark this once in a generation occasion, we are planning a high energy, creative musical production and we would love for the young people of RKC members' families to be at the heart of it.

We warmly invite your children, aged 15 to 20, to take part in a fun, collaborative and exciting production that will be a high point of the **125 years Anniversary Gala Dinner** and activities in a bold and exciting way.

- 🎵 **Can your child sing, dance, act, or play an instrument?**
- 👉 **Do they enjoy writing scripts, lyrics, or creative ideas?**
- 🎨 **Are they good at design, posters, stage visuals, costumes, or social media?**

This production is designed so that everyone who is fun-loving and creative can participate in their own way. It is not about perfection but teamwork, imagination, friendship, and celebrating 125 amazing years of RKC being together as one big fun-loving family.

Think of it as a blockbuster created / envisioned by young people, supported by the Club, where talents are discovered, confidence is built and lifelong memories are created.

Rehearsals and planning will be conducted in a supportive, inclusive environment, guided by experienced mentors, with plenty of room for ideas from the participants themselves.

We encourage you to share this invitation with your children and inspire them to be part of something special: A celebration that they will proudly remember as their contribution to RKC's history.

Kindly register your child's interest at the Club office or reception and we will be in touch but do so before the **28th of February 2026**.

Let's come together across generations to make RKC's 125th Anniversary vibrant, youthful and unforgettable.

With warm regards,

Dato' Dennis Low Seng Heng
Chairman
